## Grampound Football Club

### RESPONSIBLE USE OF SOCIAL NETWORKING SITES

Draft 1: November 2014

#### Summary of FA's Best Practice Guidance

The following guidance is provided not as an obstacle but to support clubs and leagues to manage their safeguarding responsibilities effectively. It aims to ensure children, young people, coaches, referees and adults in a position of trust are not subjected to improper online behaviour or improper allegations.

If a club decides that the most effective way of communicating to young people is via a social networking site then the club is strongly advised to set up an account in the name of the club and explicitly for use by named club members, parents and carers solely about football matters e.g. fixtures, cancellations and team selection.

Coaches, referee mentors, club officials and others in a position of trust in football need to act responsibly both on and off the field and this includes the use of electronic communications.

Therefore The FA would suggest that as a general principle coaches, managers etc should avoid using social networking sites as the primary way of communicating with players.

Children and young people should be advised by their coaches, parents/carers and CWO to always tell an adult they trust about communications that make them feel uncomfortable or where they've been asked not to.

## Grampound FC Policy

### **The club will follow best practice guidelines regarding Social networking by**

- ensuring all privacy settings are locked so that the page(s) are used explicitly for club matters and are not used as a place to meet, share personal details or have private conversations
- nominating a club official to monitor the club social networking page(s) regularly and remove access for anyone behaving inappropriately
- making sure everyone within your club knows who is responsible for monitoring the content of the social networking areas and how to contact them
- provide access for all users to The FA's best practice guidance on using social networking sites
- gaining written parent/carer permission before access is given to U18s
- informing the CWO if anyone reports having received inappropriate communications online, keeping a record of any inappropriate, threatening or offensive material as this may be needed as evidence.

### **Unless a child/young person is a direct relation, the coaches, managers, referees and club officials should not:**

- accept as a friend, players or referees U18 on social networking sites they are members of or share their own personal social networking sites with children or young people involved
- make contact with children or young people known through football outside of the football context on social networking sites
- use internet or web based communications to send personal messages of a non football nature to a child or young person
